

JAMESTOWN RED RAIDERS

2007-08 FEMALE ATHLETE OF THE YEAR

Nikki Frederickson

Our female athlete of the year is also a role model in every way. An outstanding student, who will be remembered as one of the best athletes JHS has ever produced. In the fall as a member of our volleyball team, she was was a 1st Team ECIC I all-star, the JHS most valuable offensive player, and led the team in spikes (246) and kills (108). But it was during the basketball season where she really made her mark. She has been one of the best players in WNY and in the entire state of New York for the past 2+ seasons in leading her team to an unprecedented 3rd straight sectional championship. She's been the team's best player for 4 years, but saved her saved her best for last this season. She averaged 29 points per game, became the leading scorer in JHS history, finished in 12th on the all-time WNY scoring list, was selected 1st team All-ECIC, 1st team All-WNY, 3rd team all-state, and was named the Post-Journal Player of the Year for the 3rd straight year.
